VERSTEEL **TIER** TABLES

Tier tables are the smart solution for creating a classroom or lecture hall in virtually any space. Ideal for stepped plan applications, they can also be ordered in multiple heights to create tiers. Available in any radius with modesties formed to match. Durability is assured by a heavy-duty steel framework, which bolts directly to the floor. Offered with built-in electrical and data management. **SURFACES** In wood or laminate. **FRAME** Available in 33 standard powder coat colors.
