

Soltice[®]

Recliner

modern look | residential feel | exceptional comfort

Furnishing Knowledge[®]

Designed by Daniel Cramer and Paul James.

A chair that feels like home.

The updated styling of the Soltice Recliner combines a modern look with a residential feel. Exceptional comfort enhances the recovery process, while the easy mobility of the Soltice Recliner makes for simple rearrangement.

The soft touch handles are ergonomically located on the Soltice Recliner's upper back, making it simple to reposition the recliner as needed.

Tente casters create easy mobility, while the two rear casters are simple to access and lock.

Soltice® Recliner

Recline and relax in the comfort of the Soltice Recliner. The sleek, clean style is combined with contoured support to make the patient feel at home. The solid hardwood frame lends support, while the seats and backs are field-replaceable.

The Soltice Recliner's three-position mechanism provides 70/60/30 degrees of reclining comfort. Options include a magazine rack, articulating side table, IV pole, catheter hooks and Trendelenburg position. Combine the Soltice Recliner with other collection pieces including patient chairs, gliders, sleepers, lounge, guest and multiple seating to help personalize your space and create a relaxing environment.
